

digiled d1pi 3.9mm

Round and Straight Corner
Indoor LED Panel

Upgrade your LED Production with Video Shapes, Letters or whatever your mind can dream up!

With a pixel pitch of 3.9mm, the digiLED DLPi3.9 LEDRound and Straight Corner Module offers designers a rugged, ultra-high resolution LED product. Black shell 3-in-1 SMD LEDs offer designers and content creators ultra-high definition images.

Further enhancing the user experience & reliability is the NovaStar processing for precise module to module calibration that ensures accurate color matching for an overall excellent image.
